

Quick Website Setup for FCA Affiliates

There are several good ways to do this like GoDaddy, Yahoo, etc. But we are picking Homestead because it looks pretty easy, and is our informal standard so we can help each other out. It has a 30-day free trial, then if you like it, \$4.99 per month which includes domain name and email.

- Jim Bates, FCA Board of Directors October 2009
jimbates@airmail.net 817/360-4727

1. Go to www.homestead.com in your web browser.

2. Click the “Try it FREE!” button.

1. Fill out this form and select
“Non-Profit” for Website Type.

Done

2. Note what all this says.

1. Just answer "Not Sure" here.

2. Click here.

The screenshot shows a web browser window with the URL https://www.homestead.com/~site/Scripts_. The page header includes the Homestead logo, the tagline "Get a site. Get found. Get customers.", and a phone number "1-800-710-1998". The main content area contains a form with the question "Is your primary purpose to develop an ecommerce store?". There are three radio button options: "Yes", "No", and "Not sure". The "Not sure" option is selected. Below the options is an orange button labeled "Start your FREE trial". To the right of the form, there are two bullet points: "Easily create a professional looking website and perhaps sell a few products" and "No obligation, 30 day risk-free trial". At the bottom of the page, there is a footer with links: "Help Center", "Directory", "CEO Blog", "Product Blog", "Legal", "Privacy", "Affiliates Program", "Careers", and "About Us". The copyright notice "© 2009 Homestead Technologies Inc. All Rights Reserved." is also present. Two black arrows point from the text on the left to the form: one points to the "Not sure" radio button, and the other points to the "Start your FREE trial" button.

Done

1. Scroll through these categories and select “Non-Profits”.

2. Move to page 2 by clicking here.

3. Select “Women-Green” template because it is closest to FCA national website colors and its content is closest to what an FCA affiliate needs.

Adobe Acrobat 7.0 Profess

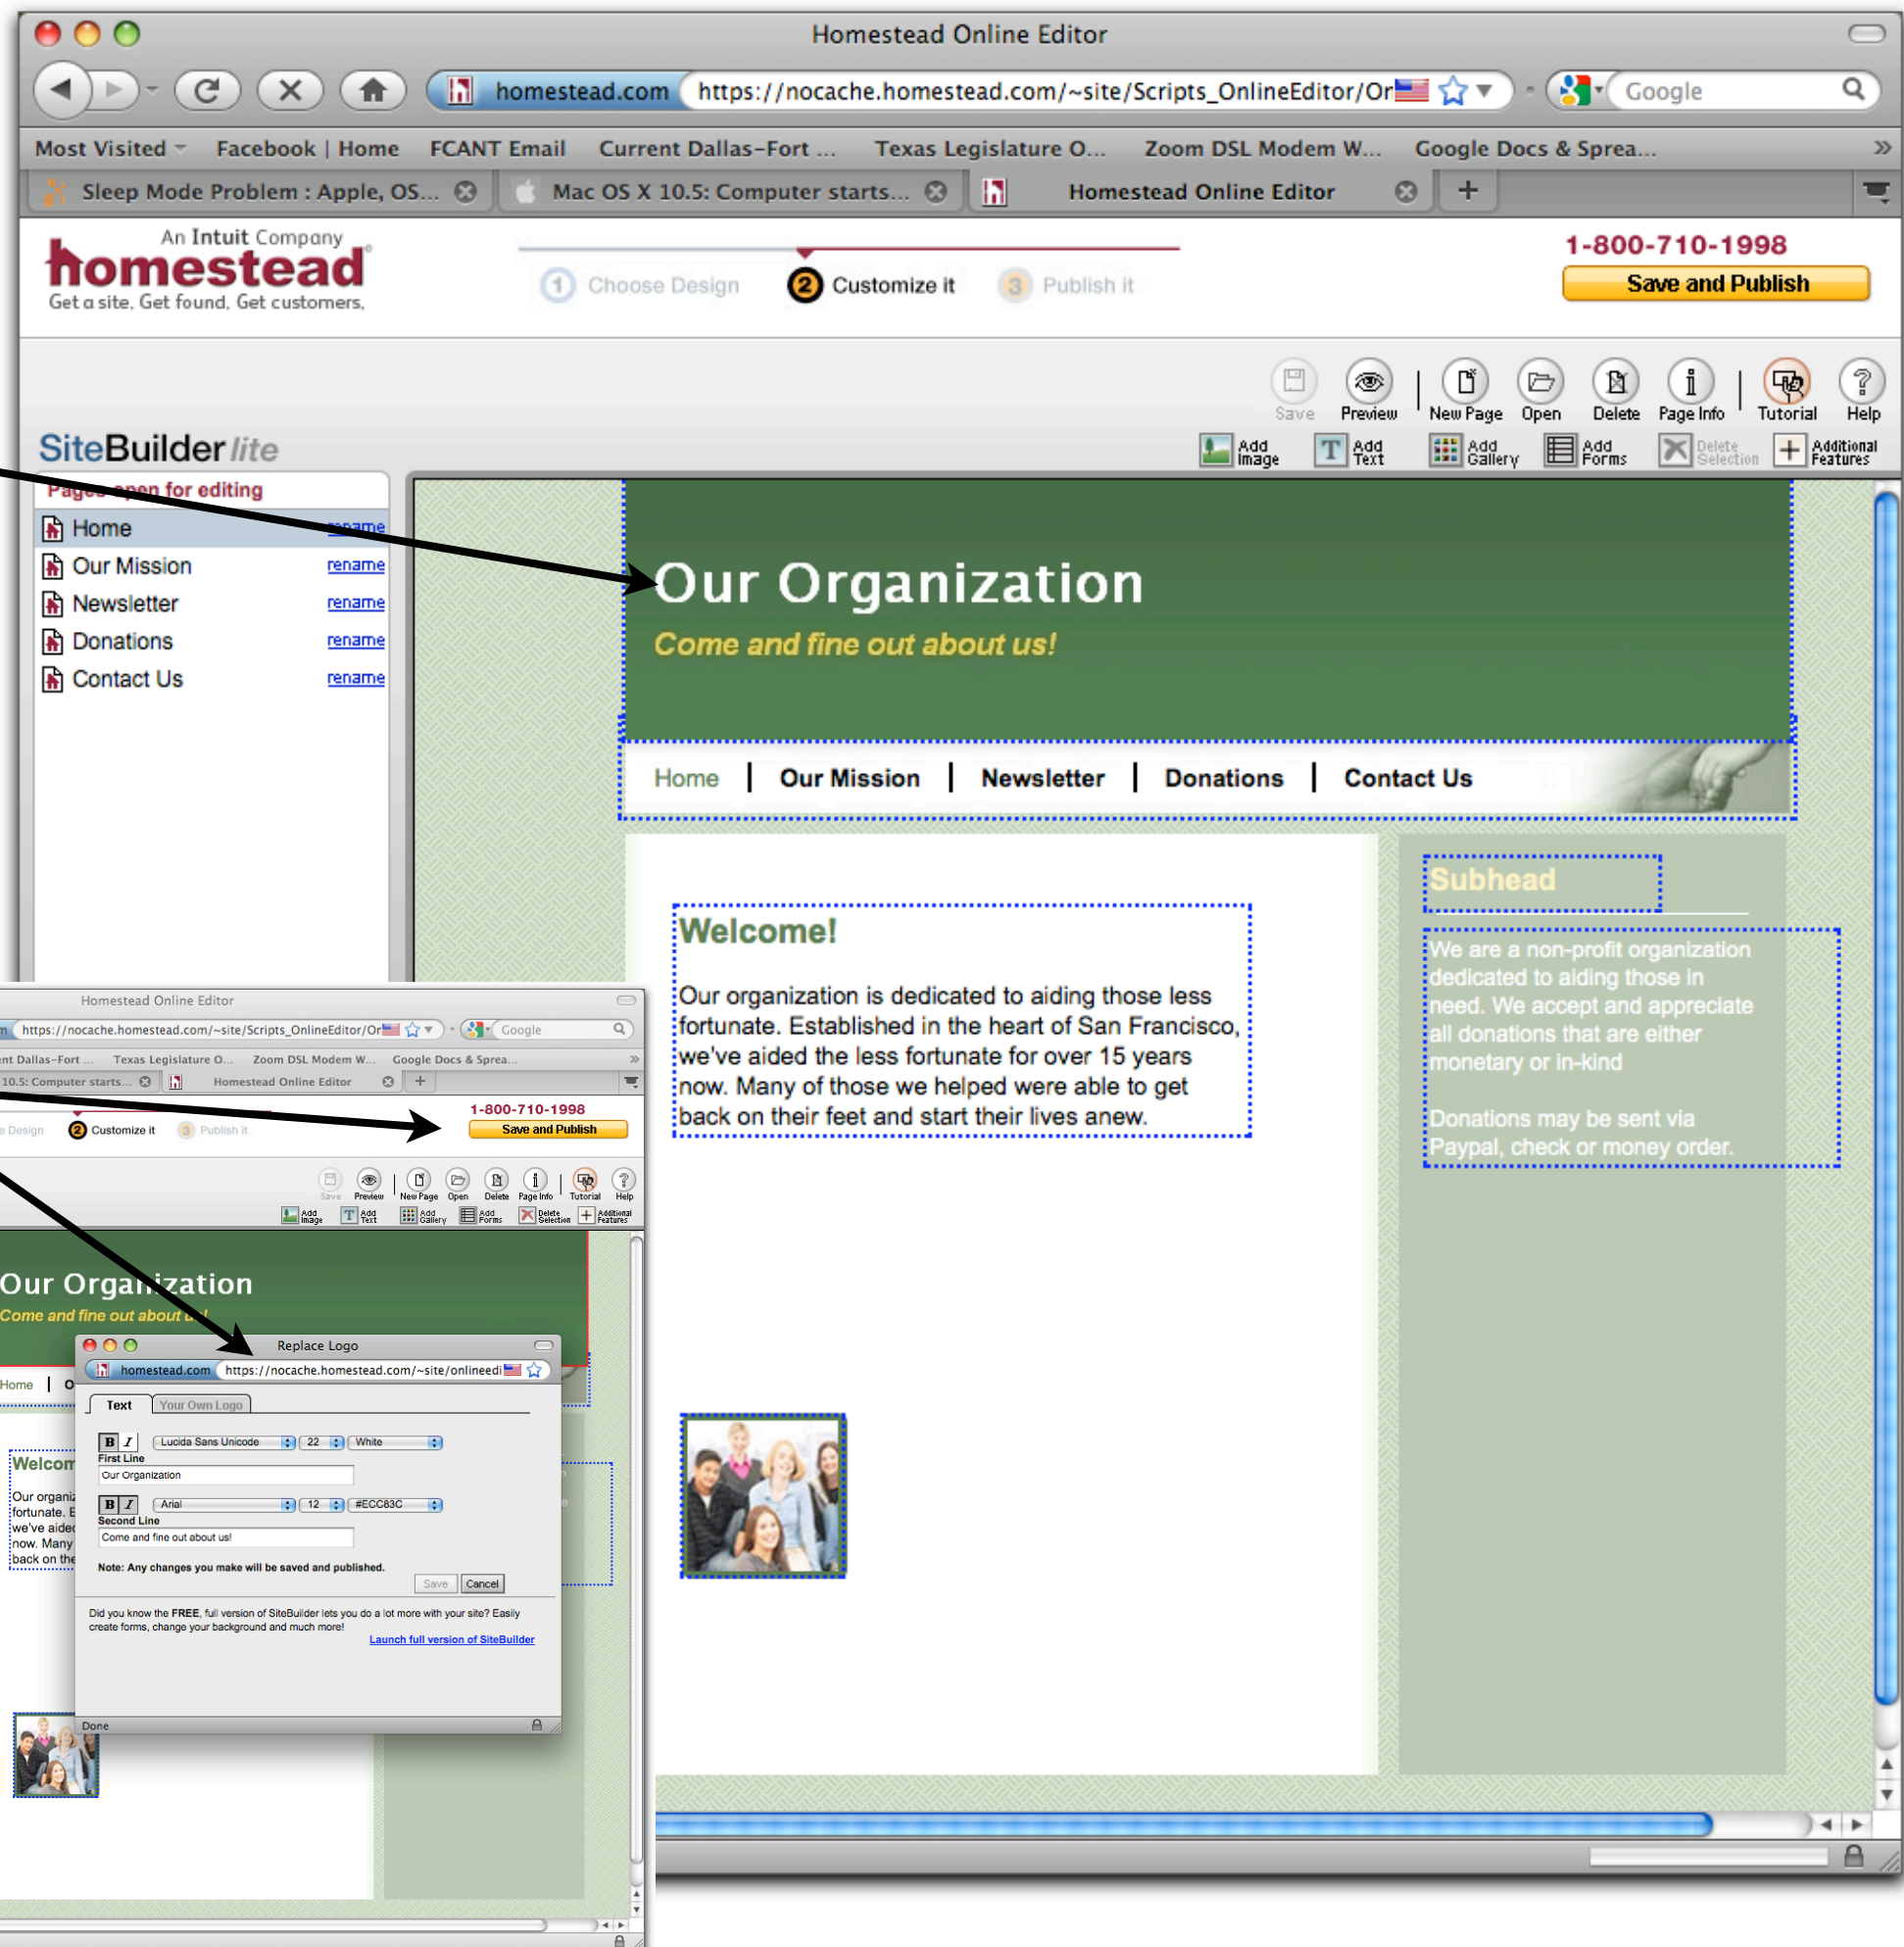

I. Click "Choose this Design".

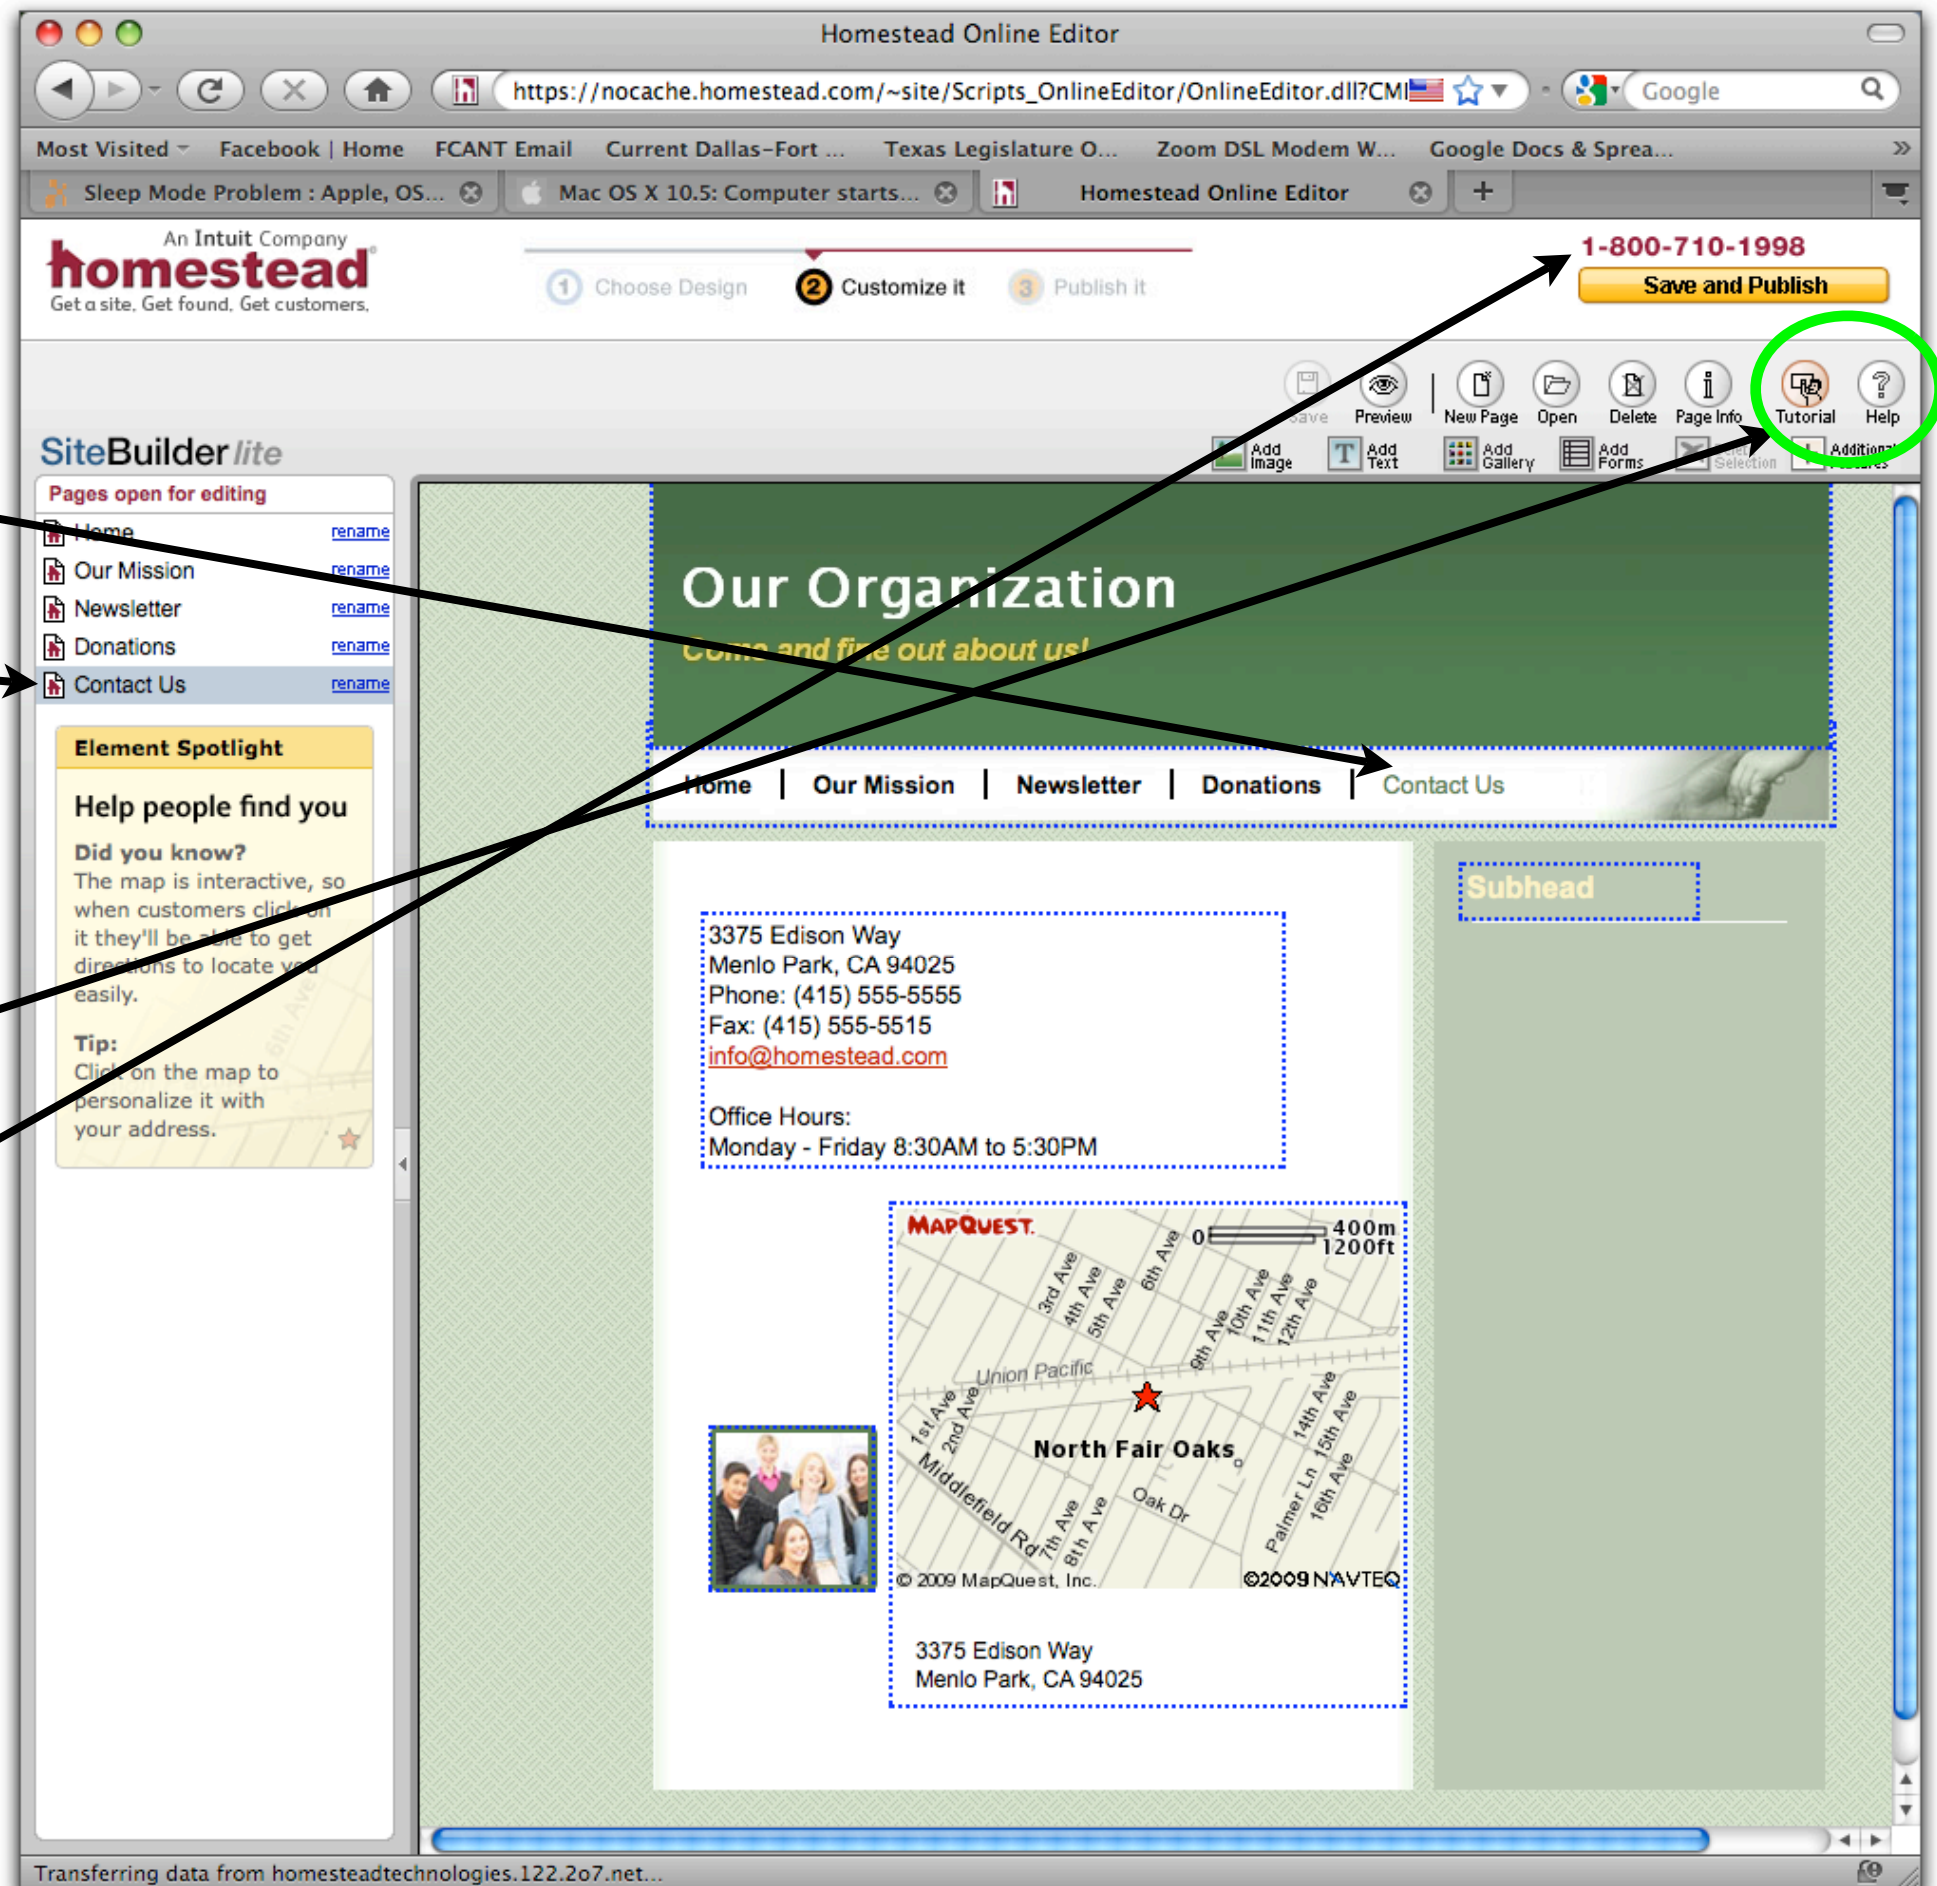

1. Your template is now ready to edit.

2. Click on any element, like say the heading, and modify it as desired.

3. Little edit boxes will pop up for editing the elements.

4. Be sure to “Save and Publish” your hard work :)

1. Click on these tabs to bring up their separate webpages to edit.

2. Notice that the available webpages for your site are listed here.

And !!!!!

Make liberal use of the "Help?" and "Tutorial" buttons and if necessary ... the toll-free number. That is what you are paying the big bucks for ;)
